

News from Thyme Again Gardens

Volume 3, Issue 3: March 3, 2016

Weather Rules!

You know what they say about March! We've had quite the run of varied weather – from wild snow storms one day, to mild temperatures and rain the next. It's challenging to organize ourselves to work outdoors when we don't know what Mother Nature will throw at us next (and she sure fools the weatherman too!). But despite the unpredictable weather, we managed to get a lot done.

The chicken coops have been cleaned out, Lorraine is pruning apple trees this week, and we're hoping to start up the greenhouse soon! Looking forward to warm, sunny weather!

What Can I Buy This Month?

In addition to our fabulous eggs, and the meats listed below, we also have a unique line of preserves, made on-site in our kitchen using fresh ingredients picked right from our market garden.

- Sweet Chili Sauce
- Tomatillo Salsa (mild, medium, hot & suicide!!)
- Pear/Apple Butter

Can you help us?

Running a farm is hard work, and there always projects that we just can't get to because there are not enough hours in a day (even with Daylight Saving Time!!). So we're reaching out to you – our loyal customers, friends and followers – to see if you'd be interested in helping out around the farm. Whether it's working in the garden, helping with the animals, cutting, splitting and stacking firewood, or assisting with an infrastructure project, we need your help. If you can commit to a few hours a week or month, or whatever time you can spare, please let us know. Call us at 613-394-1139.
