## New this Year:

### *PICK YOUR OWN FLOWERS*

We started planting our gladiolas this week. We'll continue to plant every other week to ensure a good supply of cut flowers throughout the season.

Other flowers we're growing this year include sunflowers, zinnias, dahlias and more!

Stay tuned for notices that flowers are ready to cut – then you can drop by and cut your own bouquet (of course, with a little direction from us!).

Okay, so it's kind of hard to see, but that's Lana at the end of a very long row of gladiola bulbs!
